

# Healthy Weight Intelligence Tool

**Emma Gibson**

# Local Authority

## How it can be used to support local systems in addressing obesity?

- Data and evidence in one place- easily accessible format.
- Inform planning, commissioning and delivery of services.
- Supports whole system approach.
- Helps to make the case -tackling excess weight across the life course.
- Great for engagement of lead members and Councillors
- Support conversations and engagement with all partners.
- Inform local work e.g. dashboards, JSNA, HNA, HEA.
