

The Public Health Resource Centre is a specialist knowledge and resource hub, offering support to anyone in Leeds with a responsibility for, or professional interest in public health or promoting health and wellbeing

We offer a specialist enquiry service for public health professionals to ensure their practice is evidenced-based

A high quality training room is available to our members to use to cascade their messages

Co-ordinate an annual programme of '*Want to know more...*' briefings, led by experts in public health and beyond on the latest hot topics

Public Health Resource Centre

Highly successful leaflet and poster ordering service with a comprehensive catalogue covering key health and wellbeing topics

We have books, DVDs, interactive models and games available to borrow free-of-charge

Supporting the MECC agenda with innovative videos that demonstrate how our interactive resources can support a chat around wellbeing issues
