Policy, Universities UK

Breakout Discussions

Yorkshire
Universities

Office for Health
Improvement
& Disparities

Data and Inequalities

- What data do you currently use to inform service delivery and evaluate services?
- Do you understand your local population and which population groups are falling through the gaps? ethnic minority groups, LGBT+, student carers, those with learning disabilities, socio economic inequalities.
- How do we improve the way data is used to inform service delivery and improve engagement with under-represented groups?

Breakout Discussions

Adapting services, equitable access and outcomes

- Can you share a change to your service delivery over the last 2 years that you are proud of?
- How does your institution engage with students who might be under-represented?
- How do you measure outcomes – what are your current measures of success?
