

## CPD session timings

21<sup>st</sup> February 2024. 2.30pm - 4.00pm

2.30pm	<b>Welcome and Introduction</b>	Catherine Ward, ADPH
<b>Part 1 - Context</b>		
2.35pm	<b>A brief overview of climate adaptation and health inequalities</b>	Roz Davies, Green Estate
2.45pm	<b>Introduction to the weather narratives and Pam</b>	Prof. Stephen Scott-Bottoms, Vesper Hill
[Recording stops]		
<b>Part 2 - Workshop</b>		
2.50pm	<b>Listen to Pam version 1</b> Two-minute quiet reflection and noting thoughts after the recording ends	Steve to introduce, Vicky to play
3.00pm	<b>Discussion in breakout rooms</b> What struck you most about Pam's story? What problems is she having to deal with? What might other people in her community be experiencing if they are more vulnerable to the weather events Pam talked about? What could we collectively do in the region to help avoid this outcome for Pam?	
3:15pm	<b>Listen to Pam version 2</b> Two-minute quiet reflection and noting thoughts after the recording ends	Steve to introduce, Vicky to play
3:25pm	<b>Discussion in breakout rooms</b> What struck you this time about Pam's story? Considering the weather conditions were identical in both versions of Pam's story, what was different to achieve this more positive outcome? How do our health systems need to change to progress us towards this outcome?	
3.40pm	<b>Back to main room to share thoughts from the two breakout sessions</b>	Facilitated by Steve
3.55pm	<b>Wrap up and close</b>	Catherine
